

TRANSCRIPTION

Drive efficiencies with an innovative, feature-rich transcription solution.

Transcribing and delivering surgical operative notes is now easier than ever. nimble's streamlined solution delivers guaranteed accurate notes in just one day, setting the stage for faster, easier reimbursement.

What sets nimble transcription apart.

Faster

Get operative notes the next morning - with 99% accuracy guaranteed.

Enhanced Support

Customer support is available 24/7/365.

Tighter Integration

Automated report delivery fully integrates with EHR/EMR and scheduling systems.

More Accessible

Track, view, edit, print, search, and e-sign, and give unlimited users customized access from any device.

Ready to streamline dictation and transcription? Heres how.

We give physicians the power to dictate, review and e-sign reports - all from our mobile app. This all-in-one mobile app - compatible with both iOS and Android devices - simplifies the dictation and transcription management process.

"nimble has done a lot of work to streamline and shorten our billing cycle, dramatically improving our efficiency."
